WOODSON KINDERGARTEN CENTER

Woodson Kindergarten Center offers dynamic educational experiences for our young learners. Our students are able to discover and explore beyond our school walls in outdoor learning spaces, including our school greenhouse and an outdoor classroom.

Woodson has several community partnerships that bring authentic learning opportunities to our students, including working with the MacPhail Center to provide music instruction.

We work hard to provide our students with unique experiences throughout the year, including:

- the Gratitude Feast,
- Winter Olympics Day,
- and our end-of-year Woodson Fun Day!

Woodson provides students with quality educational opportunities.

We received PBIS Sustaining Exemplar Recognition for our work in implementing Positive Behavioral Interventions and Supports with our students.

Here at **Woodson**, we understand our students' developmental need for active learning, so there is dedicated time daily for students to apply their learning through play in our boost-up spaces and play centers. We are committed to growing academic skills, as well as social-emotional literacy by implementing Zones of Regulation and character education to support the long-term success of our students.

- Technology for students (school issued iPads)
- Talent Development & Academic Advancement Coursework
- Music, Art, and PE with the classroom instructor
- Daily reading, writing, and math instruction
- Positive Behavior Interventions and Supports (PBIS)
- Free breakfast and lunch for all students regardless of family income

Together we can make a difference in our students' lives.
